

English

In English, we will be studying the text *Alice in Wonderland*. Following this, we will be writing our own radio interviews using what we learn from our reading.

Music

This half term we will be learning super hero themed chants and performing them. We will also be creating our own super hero themed compositions.

Art

We will experiment with marbling and silhouettes.

Science

This term, we will learn about states of matter, and begin to link our learning to the water cycle.

Year 4 Spring 1

Curiouser and Curiouser

RE

We will be looking at the concept freedom and linking our reflections to the Jewish celebration of Passover.

History and Geography

This half term, we will be looking into a chronological study of numbers throughout time.

Computing

We will use blender graphic design to create 3D objects.

Maths

We will be focussing on learning all of our times tables facts.

In addition, we will continue to develop our multiplication and division skills. We will learn how to find length and perimeter of shapes. Additionally, we will continue to develop our problem solving skills.

PE

We will be further developing our gymnastics skills. We will also be participating in tag rugby.

PSHE

We will be looking into media literacy and learning about digital resilience.

French

We will begin our topic 'Ma Famille', learning to say different members of our family in French and ask other people who is in their family.
